Listening Activity

Exercise 1. Listen to the recording and decide whether the following statements are True (T) or False (F).

1. Aerospace engineering focuses only on aircraft.
2. Aerospace engineers use knowledge from several scientific disciplines.
3. Aeronautical engineering deals with vehicles that fly in the Earth's atmosphere.
4. Astronautical engineers mainly design commercial aeroplanes.
5. One objective of aeronautical engineering is to reduce fuel consumption.
6. Satellites can provide communication and weather information.
7. Lift is the force that pulls an aircraft towards the Earth.
8. Drag helps an aircraft move faster.
9. Many aerospace engineers are developing environmentally friendly technologies.
10. Aerospace engineering contributes to scientific research and space exploration.

Answers

1. False
2. True
3. True
4. False
5. True
6. True
7. False
8. False
9. True
10. True
